Hardware package part No. CYC5821
THIS WINCH MOUNTING KIT CAN BE USED TO MOUNT EITHER A CYCLE COUNTRY 1500/2500 WINCH OR A WARN 1.5/15RT-XT/2500/25RT-XT/3.0/30RT-XT WINCH TO YOUR ATV.

All directions referring to right and left are when the rider is sitting on the machine. Please Note: The roller hawse, cable clamp, cable stop and related hardware are included with the winch.

MODEL NUMBER 25-2150
WINCH MOUNT INSTALLATION INSTRUCTIONS

1. Place the roller hawse mount plate into the lower center of the front bumper and align the two back holes up to the two existing holes on the bumper support. Attach using the two 3/8” x 1” bolts, 3/8” flatwashers and 3/8” nylock nuts provided with this kit. **Do not tighten attaching hardware at this time.**

2. Align the roller hawse assembly up to roller hawse mount plate and secure using two 3/8” x 1” bolts. **Do not tighten attaching hardware at this time.**

3. Remove the two 3/8” x 4-1/2” bolts from the roller hawse assembly and align the two upper support bars to the roller hawse assembly. Reinstall the 3/8” x 4-1/4” bolts to the roller hawse assembly. **See picture above.** Do not reattach nuts until winch cable has been fed through roller hawse. See instructions after winch mounting instructions. **Do not tighten attaching hardware at this time.**
4. Using the two 5/16” x 1-1/4” x 2” U-bolts, flatwashers and nylock nuts, attach the two upper support bars to the front bumper. See picture on previous page.

5. Go to instructions for your winch.

**CYCLE COUNTRY 1500 WINCH MOUNTING INSTRUCTIONS**

Using two 5/16” x 1” bolts, mount the winch to the roller hawse mount plate. Be sure that when the winch is mounted to the ATV, the winch motor is on the **LEFT** side of the machine. GO TO ROLLER HAWSE INSTRUCTIONS.

**CYCLE COUNTRY 2500 WINCH MOUNTING INSTRUCTIONS**

Using the four bolts PROVIDED WITH THE CYCLE COUNTRY WINCH, the Winch can be mounted to the roller hawse mount plate. Be sure that when the winch is mounted to the ATV, the winch motor is to the **RIGHT** side of the machine. GO TO ROLLER HAWSE INSTRUCTIONS.

**WARN 1.5/15RT-XT/2500/25RT-XT/3.0/30RT-XT WINCH MOUNTING INSTRUCTIONS**

Using the four 5/16” bolts PROVIDED WITH THE WARN WINCH, the winch can be mounted to the roller hawse mount plate. Be sure that when the winch is mounted to the ATV, the winch motor is to the **RIGHT** side of the machine. GO TO ROLLER HAWSE INSTRUCTIONS

**Roller Hawse Instructions**

Remove one of the long rollers and the two side rollers and feed the winch cable through the roller hawse. Reinstall the rollers and be sure rollers move freely.

Tighten all mounting hardware at this time.

See Winch Wiring Instructions supplied with the Winch for proper installation.
CAUTION
BE AWARE OF THE CABLE STOP CONTACTING THE ROLLER HAWSE WHEN THE CABLE IS WOUND IN. FAILURE TO RELEASE THE SWITCH MAY CAUSE DAMAGE TO WINCH PARTS OR TO THE ATV.

When using the Winch to raise and lower a Cycle Country Plow, a Cable Stop must be installed.

Hook the Winch Cable to the CYC0345 (U608) (item #4 on your 15-0001 push tube kit) through the slotted hole. Carefully raise the blade until the top of the push tube are no closer than 1” anywhere on the ATV. Place the Cable Stop onto the Winch Cable up against the Winch Hawse. Secure the Cable Stop to the Winch Cable using the Cable Clamp Assembly as shown in the pictures below.
One Year Limited Warranty

For the period of one (1) year from the purchase date, Cycle Country (a Kolpin Powersports Brand) will replace for the original purchaser, free of charge, any part or parts found upon examination by Cycle Country to be defective in material, workmanship, or both.

All transportation costs incurred submitting product to Cycle Country for warranty consideration must be borne by the purchaser. If Cycle Country determines that the product must be returned to the factory for credit, please call 1-800-841-2222 for a Return Merchandise Authorization (RMA) number and shipping instructions.

This warranty does not apply to parts that have been damaged by accident, alteration, abuse, improper maintenance, normal wear, or other causes beyond the manufacturer’s control. In order to protect you and your ATV, certain parts of the plow system and/or hardware are designed to fail when the equipment is over-stressed.

Peripheral products such as engines, electric motors, and actuators may carry an original manufacturer’s warranty. Please call Cycle Country for more information.
