Winch Mount Kit
For John Deere 625-825
Assembly / Owner’s Manual
Part No. 25-8810
OPERATING INSTRUCTIONS

Congratulations!

You’ve just purchased the most durable accessory component in the industry. Our accessories work great all year round! With proper care and maintenance, your Cycle Country accessory will last for years to come!

Please read and understand all assembly instructions, notices and warnings before assembling and using your Cycle Country accessory.

Follow these guidelines to ensure a successful and satisfactory installation:

Read, understand this manual before beginning installation
Periodically check for wear and tightness of all fasteners. Replace or re-torque fasteners as necessary.

SAFETY & GENERAL PRODUCT INFORMATION

Cycle Country accessories are designed with your safety in mind.
In order to protect you and your vehicle, certain parts of the accessory and/or hardware may be designed to collapse or break when the equipment is over-stressed.
Cycle Country winch mount kits are designed to be compatible with Cycle Country winches and many others, but may not be compatible with some winches.
Cycle Country winch mount kits have design features that benefit snow plow applications.

! DANGER ! ! WARNING ! ! CAUTION !

To avoid personal injury or damage to your vehicle:

Read and understand all notices for:
  Caution
  Warning
  Danger

Follow instructions for your vehicle, winch, winch mount and other items used in combination with this product.

Do not winch unsecured loads at any time.

Disconnect battery during winch installation or service to prevent electrical hazards.

Do not lift loads overhead.

Do not exceed the load capacity of the winch.

Always wear gloves when handling wire winch cable.

Do not use your winch or winch mount for towing.

Do not shock load the winch, cable or winch mount.

Keep fingers, hands and loose clothing away from roller fairlead and winch cable drum when in use.
PARTS ORDERING INFORMATION:
Replacement fasteners are common-type and can be purchased locally. Use minimum Grade 5 or metric 8.8 zinc-coated fasteners.
**Before you begin:**
- Read and understand all instructions.
- Verify all parts and hardware are accounted for before beginning installation.

**Tools required:**
- Basic wrench and socket set.
- Pliers
- Do Not use impact tools to install hardware!

**Starting Installation:**
- Begin by removing the front bumper, the plastic bumper guard, and the lower brush guard.

**Roller Fairlead Installation:**
- Your winch should also include a roller fairlead. Mount this on the front of the winch mount plate. Remove one of the long rollers from the Roller Fairlead and feed winch cable through. (See ILL. 1)

**Winch Installation:**
- Install the winch to the winch mount plate using hardware included with your winch. (See ILL. 1-1)

ILL. 1-2
One Year Limited Warranty

For the period of one (1) year from the purchase date, Cycle Country (a Kolpin Powersports Brand) will replace for the original purchaser, free of charge, any part or parts found upon examination by Cycle Country to be defective in material, workmanship, or both.

All transportation costs incurred submitting product to Cycle Country for warranty consideration must be borne by the purchaser. If Cycle Country determines that the product must be returned to the factory for credit, please call 1-800-841-2222 for a Return Merchandise Authorization (RMA) number and shipping instructions.

This warranty does not apply to parts that have been damaged by accident, alteration, abuse, improper maintenance, normal wear, or other causes beyond the manufacturer's control. In order to protect you and your ATV, certain parts of the plow system and/or hardware are designed to fail when the equipment is over-stressed.

Peripheral products such as engines, electric motors, and actuators may carry an original manufacturer's warranty. Please call Cycle Country for more information.
