Mounting Instructions:

Note: If any hardware is missing, do not return to the store. Call us to help, Toll Free 1-877-956-5746.

1. Attach the upper rear rack bracket (item #1) to the rear rack of your ATV, using the 3/8" locking pins (item #3). **Note: Pins may not fit as shown. Depending on your OEM rack, some modifications to the upper bracket may be needed to fit your ATV.**
2. Insert the upper rear rack bracket into the lower hitch bracket (item #2) as shown.
3. Attach the lower hitch bracket using the provided 5/8" bent pin (item #5) and r-pin (item #6) to the DirtWorks 3-Point Hitch.
4. Either extend or compress the ATV rear suspension, to align the holes in each tube and pin the two tubes together using the 5/16" pin (item #4).

For additional assistance, please contact Kolpin customer service department at (877) 956-5746 or (763) 478-5800 or email customerservice@kolpin.com

Use and Care Information:

- The suspension lock is designed to allow you to quickly and easily lock-out the ATV's rear suspension, allowing the DirtWorks 3-point hitch system to work to its full potential. It will also provide additional support when using with DirtWorks on an independent suspension ATV.
- Check the accessory mounts frequently and retighten hardware if necessary.
- Replace this accessory with a new one if it is damaged.

One Year Limited Warranty

For the period of one (1) year from the purchase date, Kolpin will replace for the original purchaser, free of charge, any part or parts found upon examination by Kolpin to be defective in material, workmanship, or both.

All transportation costs incurred submitting product to Kolpin for warranty consideration must be borne by the purchaser. If Kolpin determines that the product must be returned to the factory for credit, please call 1-877-956-5746 for a Return Merchandise Authorization (RMA) number and shipping instructions.

This warranty does not apply to parts that have been damaged by accident, alteration, abuse, improper maintenance, normal wear, or other causes beyond the manufacturer's control. In order to protect you and your ATV, certain parts of the accessory system and/or hardware are designed to fail when the equipment is over-stressed. Parts that are lost due to loosening and improper maintenance are not covered under warranty. This warranty does not cover removal or reinstallation labor fees of the plow system and related components.

Peripheral products such as engines, electric motors, and actuators may carry an original manufacturer's warranty. Most hardware is general in nature and is easily obtained locally. Be sure to replace with minimum metric class 8.8 specification.
